

Absolute

Simplifying the Communication

Absolute Pharmacy offers integration with most popular eMAR and eHR systems

Integration with eMAR and eHR Systems enhances communication, accuracy, and efficiency

Our clients benefit from having all prescriptions filled at one pharmacy, quality measures and the latest in robotic and integration technology

Streamline Communication

TOTAL CONNECTIVITY

Utilizing a sophisticated order entry system, Absolute Pharmacy can be your hub to total pharmacy connectivity. With HL7 and/or SCRIPT connectivity, the facility can experience bi-directional interfaces with participating eMAR/eHR vendors. Transform your workflow with new levels of efficiency, tracking and usability.

PROVEN RESULTS

Absolute Pharmacy is currently integrated with the many eMAR and eHR systems including SureScripts, Point Click Care, QuickMar, and MatrixCare. Integration is possible with vendors using SCRIPT or HL7.

TECHNOLOGY FOCUS

Pharmacy is the core of what we do. We're the right size to be personal, yet comprehensive enough with the technology and resources today's facilities require inclusive of an online portal, central dispensing, and integration with facility eMAR.

Your Solution

Absolute Pharmacy serves skilled nursing and rehabilitation facilities, assisted living, and group homes. We customize services to meet each customer's needs. For all facilities, our goal is to provide the right medication to the right patient at the right time. Call Mary Jo McElyea 330-498-5220 with more questions.
